

# Carry Handle

Great for multiple larger drinks bottles, this structure features a built in carry handle that is locked into place, allowing for safe consumer homeward transit of heavier or larger items.

## Features

- Top flaps consist of two handles that meet in the middle and are held in place by two locking side flaps
- High quality, lithographic print, added value embellishment and finishing techniques
- Camera controlled precision flat bed hot foil blocking and die cutting

## Options

- Variety of market-tested boards, finishes and sizes
- Plain or printed, varnished, foiled, embossed/debossed
- Choice of crash lock, tuck lock or glued base

## Benefits

- Impactful branding opportunity all the way to the consumer's home
- Integrated handle allows safe and comfortable transit of heavier or larger items
- Premium, thoughtful design element

## Design for Sustainability

- An environmentally friendly alternative to plastic carriers or added plastic handles
- FSC Certified materials available
- 100% recyclable
- Benefit from our CAD layout know-how to find the best format to generate minimum waste
