

# Edge Lock Skillet

The edge lock skillet offers a robust double-tuck opening mechanism, offering re-closable functionality at one end of your carton, providing an extra layer of security, protection and branding opportunity.

## Features

- Two separate tuck flaps on one side of the pack, secured with an additional locking flap, and a glued base
- Camera controlled precision flat bed hot foil blocking and die cutting

## Options

- High quality, lithographic print, added value embellishment and finishing techniques
- Variety of market-tested boards, finishes, formats and sizes
- Plain or printed, varnished, foiled, embossed/debossed

## Benefits

- Additional layer of reveal and branding opportunity during opening
- Increased protection and security of contents

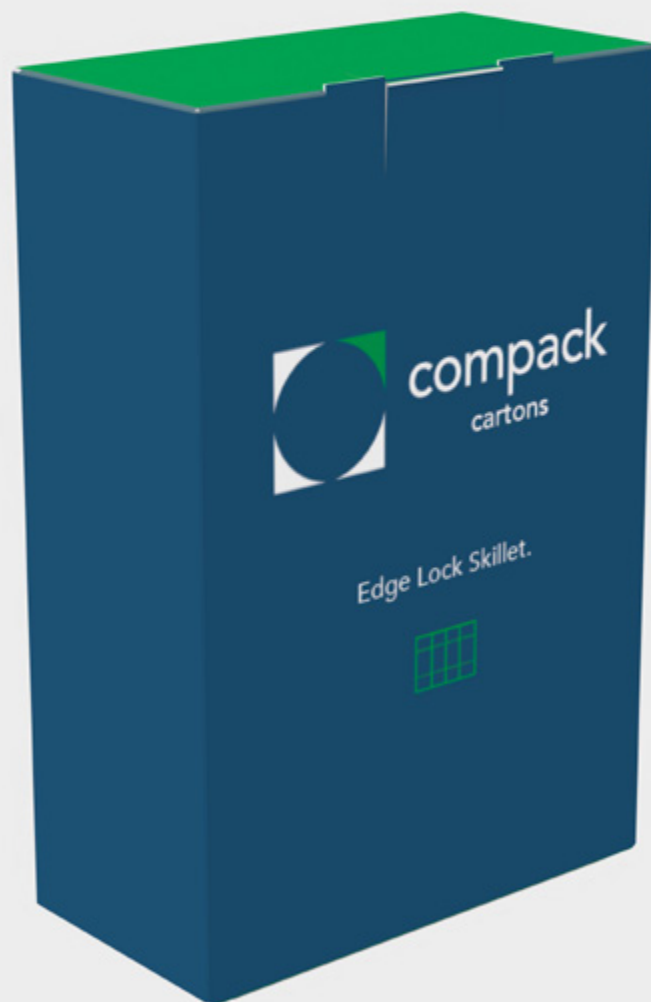

## Design for Sustainability

- Elevate your skillet from single use to multi use by adding re-closable edge lock closures
- Benefit from our CAD layout know-how to find the best format to generate minimum waste
- FSC Certified materials available
- 100% recyclable
