

Over The Crown

The over the crown design secures the entirety of your multiple products within the carton wrap, protecting them while offering plenty of outer branding opportunity.

Features

- Carton sheet wraps around products from base to lid, securing again at the base
- High quality, lithographic print, added value embellishment and finishing techniques
- Camera controlled precision flat bed hot foil blocking and die cutting

Options

- Variety of market-tested boards, finishes and sizes
- Plain or printed, varnished, foiled, embossed/debossed
- 4, 6 or 8-pack formats available
- Choice of glued, or unglued with a tuck lock

Benefits

- Impactful branding opportunity while grouping and protecting your products
- Runs down automated lines, speeding up the packing process
- Benefit from our team's expertise for machine installation and engineering support services

Design for Sustainability

- Multipack cartons are an environmentally friendly alternative to plastic wrap
- FSC Certified materials available
- 100% recyclable
- Benefit from our CAD layout know-how to find the best format to generate minimum waste
