

Six Corner Glued Tray with Lid

The overlap of lid and base in the six corner glued tray with lid provides a premium, robust structure for an excellent balance of product protection and presentation.

Features

- Tray with added glued lid hinged at back edge
- Camera controlled precision flat bed hot foil blocking and die cutting

Options

- Variety of market-tested boards, finishes, formats and sizes
- High quality, lithographic print, added value embellishment and finishing techniques
- Plain or printed, varnished, foiled, embossed/debossed

Benefits

- Maximum branding opportunity on outer of both tray and lid
- Overlap of box and lid sides creates increased layers of protection for your product
- Glued lid structure creates a premium feel and overall structural robustness

Design for Sustainability

- One-piece box structure is a more efficient use of materials
- Benefit from our CAD layout know-how to find the best format to generate minimum waste
- FSC Certified materials available
- 100% recyclable
