

Turn Over End Hinged Lid Tray

The turn over end hinged lid tray provides a sturdy one-piece box with locking flaps that secure the lid to the base without the need for taping or gluing.

Features

- Tray with added lid hinged at the back, creating a full one-piece box structure
- Camera controlled precision flat bed hot foil blocking and die cutting

Options

- Variety of market-tested boards, finishes, formats and sizes
- Plain or printed, varnished, foiled, embossed/debossed
- High quality, lithographic print, added value embellishment and finishing techniques

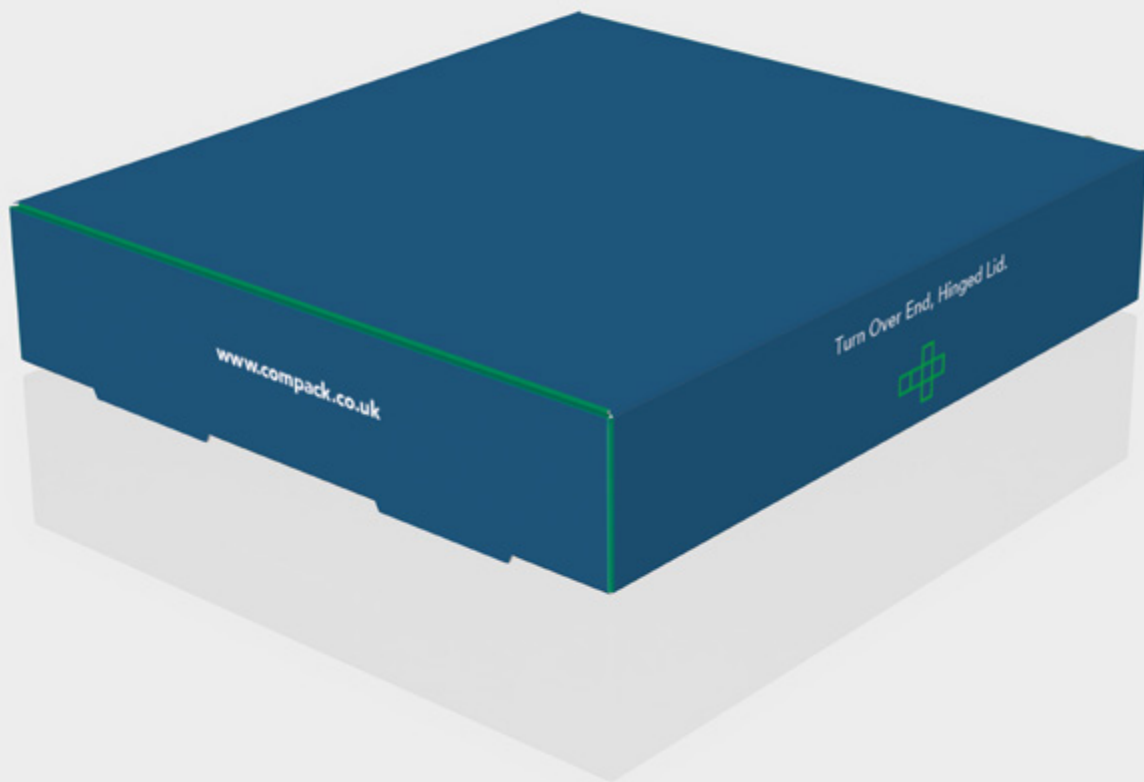

Benefits

- Vast area available for high quality print branding
- Locking flaps provide a secure closing mechanism
- Overlap of box and lid sides creates increased layers of protection for your product

Design for Sustainability

- Benefit from our CAD layout know-how to find the best format to generate minimum waste
- No taping or gluing required once packed, saving cost and materials
- FSC Certified materials available
- 100% recyclable
